Greg, Jeff, Ricky,

The proof is always in the verifiable documentation, and everything above was sent with signatures required to confirm receipt. They were also filed as criminal complaints against DA's and Police Officers to confirm their obligations to investigate, or make arrest for filing false complaints. The only reason I was not arrested and prosecuted, was the evidence supported the complaints, and the DA's office did not want that in a court of law. All of these notifications were also sent to the Attorney General's office, to build a public record that would protect me and my family from retaliation. I wanted to make sure that no one could claim they did not know.

The DDA Lattuca, that was running this scam as head of the Insurance Fraud Division, is the same Lattuca currently being sued by Jon and Tamara McAnally, for false prosecutions related to this insurance fraud scheme. The McAnally's are also the same people litigating against the DA's office and DDA Marugg in that sexual pursuit scam. Marugg and his attorney Castle are the ones that wrote the recently discovered e-mail, confirming a conspiracy to obstruct justice with DA Dumanis, thru forced resignations and silence, with promises to protect them from prosecution. As recently reported by GTI News.

I keep telling everyone, all of this corruption cover up is connected to protecting the public image of the DA's office, Dumanis, law enforcement, and their public unions. A clean public image that is necessary to maintain the flow of tax dollars into the public unions, and then out of the unions to the elected officials like Kamala Harris, and Jerry Brown. Just like that 5 million a year from the state, to the DA's office for protecting insurance companies from the everyday individual citizen complaints.
