Woody, sorry for not getting back sooner, but I am unfortunately out of pocket for another week or so due to the passing of my mother. Thank you for sending the info below, although I have not had the chance to review it. Let's plan to touch base again the week of October 22 when I will be back in the office.

The four below links will lead you into the basic motives and documentation for the cover up and conspiracy, and it is all connected to the money flow into and out of the public unions in one way or another, and the protection of their public image.

All articles are hot linked to supporting articles and public record documents.

(1) The Oceanside Police and Firefighter election fraud conspiracy. Seven PAC's, including the Police and Firefighter's PACs were manipulated and falsified to hide the money flow, the falsified election literature, and the manipulation of votes by citizens and council members.

(2) The Cynthia Sommer false murder prosecution, its cover up motives, and connections to other DA and Oceanside Police evidence tampering, and indirectly the protection of the election fraud.

(3) The North County Times conspiracy with Oceanside first responder unions election fraud cover up. PART I, with links to follow up documentation articles.

[http://www.gtinewsphoto.com/NCT-\\$84K+-CORRPTION-PAYOFF.html](http://www.gtinewsphoto.com/NCT-$84K+-CORRPTION-PAYOFF.html)

(4) The Associated Press Cover Up To protect the reputation of the AP and the sale of the NCT to Doug Manchester.

<http://www.gtinewsphoto.com/ASSOCIATED-PRESS-PUBLIC-CORRUPTION-COVER-UP.html>

All of this was going on from 2009 thru 2011, with the full knowledge of large numbers of UT reporters and editors. I believe initially, many reporters were simply too arrogant and lazy to do the job, and fear of the public response to the UT going after large numbers of police officers and firefighters in a post 911 world. Once the NCT sale process started, and the UT reporters knew that the NCT was criminally involved it became job preservation. If the NCT story went public, while the UT was negotiating to purchase, I am sure Manchester would have had a lot of questions about why the UT did not report on the election fraud, and the Police and DA evidence tampering.

We will talk in two weeks as agreed.
